Memo on the Budget Estimates of the Indu
trial School Mysore for 1901-1902.

Receipts

1 The receipts for 1901-1902 are esti-
mated at Rs 2515 against Rs 1360 for 1900-
1901 The bulk of the increase is expect
from the work of the Pottery Class which i
cludes the tile industry The other item
of income are slightly raised with referen
to the realizations of 1899-1900

Expenditure

2. The estimated expenditure for 1901-
1902 is Rs 16 649 against Rs 16,519 for
1900-1901

3 The estimates under the heads V- Con-
tingences, VI- Wages of Temporary Establis
-ment VII- Establishment and VIII- Night
Classes are the same for the current as fo
the past official year

4 The provision for I-Machinery and
Tools for 1901-1902 exceeds the provision
for 1900-1901 by Rs 8, and the difference
in details between the two years is due to
a redistribution of the amounts under the

the head according to the requirements of the current year

5 The provision under II- Materials is reduced from Rs 3300 to Rs 3100, Rs.nc being considered sufficient for cane bamboos etc for the current year against Rs 3000 for last year

6 The provision under III- Scholarships is raised from Rs 3300 to Rs 3672 the increase being due to scholarships amounting to Rs 540 a year, sanctioned for the apprentices in the Mysore Art-ware Manufactory, by Government Order No 1095-1/Ed 4-96 dated the 20th February 1901 and to the amount for the scholarships tenable in the Industrial School being reduced from Rs 2400 to Rs 2232 according to the number and rate of scholarships fixed by Government Order No 2391-93/Ed 96 dated the 17th August 1900

7 The Committee have resolved that the Industrial School be removed in three months from the present rented building to Balaram Singh's Bungalow which is Government property. Accordingly house rent at Rs 50 a month is provided for only three months

5

As at the same time sheds have to be erected for the accommodation of the Carpentry, Pottery and Tile departments, in the premises of Balaram Singh's Bungalow, the amount for constructing sheds is raised from Rs 350 to Rs 600 There is thus a net decrease of Rs 200 under the head-IV Rent &c

8 Under head IX- Travelling allowance a sum of Rs 150 is entered under the sanction of Government Order No.15173-74/Ed4-96 dated the 11th May 1901

9 At a meeting of the Committee for the management of the Industrial School, held on the 21st June last for considering the Budget Estimates for 1901-1902 it was resolved that the employment of a Bachelar of Civil Engineering on Rs 80 rising to Rs 100 in place of the present Masonry Master be recommended to Government It was further resolved that the recommendations made to Government in previous years to increase the pay of the Superintendent be renewed this year I shall address Government on these points in a separate communication

Memo

Receipts

It is believed that the several items of under receipts represent only the sale proceeds of so what is the total value of the articles manufactured up to date and how much of it represents articles lying unsold? Is any stock being periodically taken of the latter by the Committee?

Expenditure

I Machinery & Tools

Is it necessary to go on adding to the Machinery & Tools year after year at an annual cost of nearly Rs 2000. What is the aggregate outlay under this head up to date & what is the value of the articles in stock after making a reasonable allowance for depreciation and breakage? Is any stock being taken and if so at what intervals and by whom?

II Materials

what becomes of the materials largely purchased year after year? Is the whole used up and if so why is the income less than even the cost of the

of the raw materials? what
is the value of the stock on hand
and has any it been verified?

LC

Expenditure (Contd)

why should this not be
made in this institution
itself? why again should
this be a recurring item?
what is the value of the stock
on hand?

V (1) Office and
School Furniture

Is the whole of this really
necessary in addition to
the large permanent
Establishment which is
being maintained?

VI Wages of temporary
Establishment
